

BETTER KIDS

- More and more people are *lack of expression* under the pressure of fast pace lives.
- Many *autism patients* are suffering mistaking others' emotions.
- So we wanna build an app for kids to help them learn the world better.

1. *Guess Emotion* of a face
2. *Mimic Emotion* of a face
3. Learn *What-It-Is* by *Taking a Picture*
4. Learn *English and Chinese*
5. Learn *Chinese Handwriting*
